[Docket No. 130809700-3700-01]

RIN 0694–AF96

**Addition of Certain Persons to the Entity List; Amendment of Entity List entries;
and Removal of One Person from the Entity List Based on a Removal Request**

AGENCY: Bureau of Industry and Security, Commerce.

ACTION: Final rule.

SUMMARY: This rule amends the Export Administration Regulations (EAR) by adding thirty-six persons under forty-six entries to the Entity List, revising three existing entries, and removing one entry. The persons who are added to the Entity List have been determined by the U.S. Government to be acting contrary to the national security or

foreign policy interests of the United States. These persons will be listed on the Entity List under the following destinations: Armenia, Canada, China, Germany, Greece, Hong Kong, Iran, Malaysia, Thailand, Turkey, and the United Arab Emirates (U.A.E.). This rule is also revising one existing entry under Sweden to correct the entry by providing an address for this listed person under the destination of Estonia, and revising two entries in Canada, the first by removing two addresses, and the second by updating an address. Lastly, this rule removes one person in Russia from the Entity List. This person is being removed from the Entity List as a result of a request for removal submitted by the person, a review of information provided in the removal request in accordance with the procedures for requesting removal or modification of an Entity List entity, and further review conducted by the ERC.

DATES: *Effective Date:* This rule is effective [INSERT DATE OF PUBLICATION IN FEDERAL REGISTER].

SUPPLEMENTARY INFORMATION:

Background

The Entity List (Supplement No. 4 to Part 744) notifies the public about entities that have engaged in activities that could result in an increased risk of the diversion of exported, reexported or transferred (in-country) items to weapons of mass destruction (WMD) programs. Since its initial publication, grounds for inclusion on the Entity List have expanded to include activities sanctioned by the State Department and activities contrary to U.S. national security or foreign policy interests, including terrorism and export control violations involving abuse of human rights. Certain exports, reexports, and transfers (in-country) to entities identified on the Entity List require licenses from BIS and are usually subject to a policy of denial. The availability of license exceptions in such transactions is very limited. The license review policy for each entity is identified in the license review policy column on the Entity List and the availability of license exceptions is noted in the Federal Register notices adding persons to the Entity List. BIS places entities on the Entity List based on certain sections of part 744 (Control Policy: End-User and End-Use Based) of the EAR.

The End-user Review Committee (ERC), composed of representatives of the Departments of Commerce (Chair), State, Defense, Energy and, where appropriate, the Treasury, makes all decisions regarding additions to, removals from, or other modifications to the Entity List. The ERC makes all decisions to add an entry to the Entity List by majority vote and all decisions to remove or modify an entry by unanimous vote.

ERC Entity List Decisions

Additions to the Entity List

This rule implements the decision of the ERC to add thirty-six persons under forty-six entries to the Entity List on the basis of § 744.11 (License requirements that apply to entities acting contrary to the national security or foreign policy interests of the United States) of the EAR. The forty-six entries added to the Entity List consist of one entry in Armenia, two entries in Canada, four entries in China, one entry in Germany, two entries in Greece, five entries in Hong Kong, five entries in Iran, four entries in Malaysia, four entries in Thailand, eleven entries in Turkey, and seven entries in the U.A.E. There are 46 entries to address 36 persons because seven of the persons are being listed under multiple countries, resulting in the additional ten entries. Specifically, these ten additional entries cover one person in Canada who also has addresses in Iran and the U.A.E. (resulting in two additional entries for the Iranian and U.A.E. addresses), one person in China who also has an address in Hong Kong (resulting in one additional entry for the Hong Kong address), two persons in Greece who also have addresses in Turkey (resulting in two additional entries for the Turkish addresses), two persons in Hong Kong who also have addresses in Iran and Malaysia (resulting in four additional entries for the Iranian and Malaysian addresses), and one person in Iran who also has an address in Thailand (resulting in one additional entry for the Thai addresses).

The ERC reviewed § 744.11(b) (Criteria for revising the Entity List) in making the determination to add these thirty-six persons under forty-six entries to the Entity List. Under that paragraph, persons for whom there is reasonable cause to believe, based on

specific and articulable facts, that they have been involved, are involved, or pose a significant risk of being or becoming involved in, activities that are contrary to the national security or foreign policy interests of the United States and those acting on behalf of such persons may be added to the Entity List pursuant to § 744.11. Paragraphs (b)(1) through (b)(5) of § 744.11 include an illustrative list of activities that could be contrary to the national security or foreign policy interests of the United States.

The thirty-six persons under forty-six entries being added have been determined by the ERC to be involved in activities that are contrary to the national security or foreign policy interests of the United States, specifically the activities described under paragraphs (b)(4) and (b)(5) of § 744.11.

The ERC has reasonable cause to believe that the following five persons, who are being added under nine entries in this rule and are located in Hong Kong, Iran, and Malaysia, reexported or caused to be reexported items subject to the EAR to Iran in violation of Department of the Treasury, Office of Foreign Assets Control regulations and the EAR: Anvik Technologies Sdn. Bhd., Montana Advanced Engineering Sdn Bhd., Albin Technologies Sdn Bhd., Hansen Technologies Limited, and Babak Jafarpour. Specifically, the above-referenced persons were involved in purchasing items subject to the EAR from U.S. companies and having the items shipped via virtual offices and freight forwarders in Hong Kong and Malaysia to Iran. The items purchased included items controlled under categories three and seven on the Commerce Control List (CCL).

The ERC also has reasonable cause to believe that the following five persons, who are being added under six entries in this rule and are located in China and Hong

Kong, acted as procurement agents for Beijing University of Aeronautics and Astronautics (a.k.a. BUAA, Beihang University): Beijing Tianhua, Tenfine Ltd., Longtek Company, Ltd., FOC (HK) Technology Co., Ltd., and Comsum Technologies (Group) Ltd. BUAA has been on the Entity List since May 2001 (see 66 FR 24266). As a result of its inclusion on the Entity List, BUAA is subject to a license requirement for all items subject to the EAR and a license review policy pursuant to § 744.3 of the EAR (Restrictions on Certain Rocket Systems... and Unmanned Air Vehicles... End-Uses). The ERC determined that these entities have facilitated at least seventy-five shipments of items subject to the EAR and destined for end-use at BUAA.

The ERC also has reasonable cause to believe that the following seven persons, who are being added under nine entries in this rule and are located in Canada, Germany, Iran, Turkey, and the U.A.E., are part of a procurement ring that coordinated the sale and supply of items subject to the EAR to Iran in violation of Department of the Treasury, Office of Foreign Assets Control (OFAC) regulations and the EAR: Saeed Talebi, Satco, Satco Corporation, Satco GmbH, Kadin Satco FZE, AAG Makina, and Murat Peker. Specifically, Talebi purchased items subject to the EAR from U.S. companies and shipped them via Germany and Turkey to Iran. To facilitate his scheme, Talebi established businesses in the U.A.E., Germany, and Canada. Peker, an employee of AAG Makina in Turkey, worked with Talebi to facilitate certain of the shipments through the provision of false information to the U.S. Government on the shipments' final destination.

The ERC also has reasonable cause to believe that the following nineteen persons, which are being added under twenty-two entries in this rule and are located in

Armenia, Greece, Iran, Thailand, Turkey, and the U.A.E., are part of a procurement ring that has coordinated the sale and supply of items subject to the EAR to Iran in violation of Department of the Treasury, Office of Foreign Assets Control (OFAC) regulations and the EAR: Aeolian Airlines, Seyyed Abdolreza Mousavi, Eurocenter Havacilik Dis Ticaret Limited Sirketi, Kral Aviation Services Ltd., Kral Aviaton, Asian Aviation Logistics Co., Ltd., Gulnihal Yegane, Pioneer Logistics Havacilik Turizm Yoonetim Danismanlik Ithalat Thracat San. Tic. Ltd. Sti, Thrust Aviation FZE, Aerostar Asset Management FZC, Avistar Havacilik Bilisim Turizm Insaat Sanayi Ve Ticaret Limited Sirketi, Mostafa Oveici, Vertir Airlines, Sawa Air Aviation FZCO, Avia Trust, Khalidee Boolay Surinanda, Kosol Surinanda, Ergin Turker, and Glasgow International Trading. Specifically, these persons have engaged in the development and operation of an illicit aviation procurement network designed to evade the U.S. Government's sanctions against Iran. The aggressive procurement scheme implemented by these persons has directly supported the operation of Mahan Airlines within Iran and throughout the world. Mahan Airlines has been on BIS's Denied Persons List since 2008. See 78 FR 48138 (August 7, 2008).

Pursuant to § 744.11(b)(4) and (b)(5) of the EAR, the ERC determined that the conduct of these thirty-six persons raises sufficient concern that prior review of exports, reexports, or transfers (in-country) of items subject to the EAR involving these persons, and the possible imposition of license conditions or license denials on shipments to the persons, will enhance BIS's ability to prevent violations of the EAR.

For the thirty-six persons under forty-six entries added to the Entity List, the ERC specified a license requirement for all items subject to the EAR, and established a license

application review policy of a presumption of denial. The license requirement applies to any transaction in which items are to be exported, reexported, or transferred (in-country) to any of the persons or in which such persons act as purchaser, intermediate consignee, ultimate consignee, or end-user. In addition, no license exceptions are available for exports, reexports, or transfers (in-country) to the persons being added to the Entity List in this rule.

This final rule adds the following thirty-six persons under forty-six entries to the Entity List:

Modifications to the Entity List

On the basis of decisions made by the ERC, in addition to the thirty-six persons under forty-six entries additions described above, this rule amends three entries currently on the Entity List.

Two of the amended entries are in Canada. The first entry is amended by removing two addresses, one no longer current and the other duplicative, and the second entry is amended by updating an address, as follows:

Canada

(1) Anastassia Voronkevitch,

7150 Rue Chouinard, Montreal, QC H8N 2Z6 Canada

; and

(2) Zurab Kartvelishvili, a.k.a., the following one alias:

-George Kartveli.

7380 Vansickle Rd. Unit 660, St. Catharines, ON L2H2P7, Canada; and

127 Rue Wilson, Dollard-des-Ormeaux, Quebec H9A1W7, Canada.

This rule also amends one entry currently on the Entity List, which is currently listed under Sweden. This amendment changes the address for this listed person from one in Sweden to one in Estonia. The amendments provide a corrected address for this listed person, as follows:

Estonia

(1) Andrey Shevlyakov,

Kalevipoja 12A, 13625 Tallinn, Estonia.

For the three modifications, the ERC did not change the license requirements or license application review policies. For each of the three entries subject to modifications, the license requirement remains for all items subject to the EAR, and the license application review policy remains a presumption of denial.

Removal from the Entity List

This rule implements a decision of the ERC to remove one entry consisting of one person located in Russia from the Entity List on the basis of a removal request by the listed person. Based upon a review of the information provided in the removal request in accordance with § 744.16 (Procedure for requesting removal or modification of an Entity List entity), the ERC determined that this person should be removed from the Entity List.

The ERC decision to remove this person took into account this person's cooperation with the U.S. Government, as well as this person's assurances of future compliance with the EAR. In accordance with § 744.16(c), the Deputy Assistant Secretary for Export Administration has sent written notification to this person, informing the person of the ERC's decision to remove them from the Entity List.

This final rule removes the following person located in Russia from the Entity List:

Russia

(1) ECO-MED-SM Ltd.,

Petrovsko-Razumovsky proyezd 29, bed.2, Moscow, Russia 127287.

The removal of the above referenced person from the Entity List eliminates the existing license requirements in Supplement No. 4 to part 744 for exports, reexports and transfers (in-country) to this person. However, the removal of this person from the Entity List does not relieve persons proposing to export, reexport or transfer (in-country) items subject to the EAR to the removed person of other obligations under part 744 of the EAR or under other parts of the EAR. Neither the removal of a person from the Entity List nor the removal of Entity List-based license requirements relieves persons of their obligations under General Prohibition 5 in § 736.2(b)(5) of the EAR which provides that, “you may not, without a license, knowingly export or reexport any item subject to the EAR to an end-user or end-use that is prohibited by part 744 of the EAR.” Additionally this removal does not relieve persons of their obligation to apply for export, reexport or in-country transfer licenses required by other provisions of the EAR. BIS strongly urges the use of Supplement No. 3 to part 732 of the EAR, “BIS’s ‘Know Your Customer’ Guidance and Red Flags,” when persons are involved in transactions that are subject to the EAR.

Savings Clause

Shipments of items removed from eligibility for a License Exception or export or reexport without a license (NLR) as a result of this regulatory action that were en route aboard a carrier to a port of export or reexport, on [INSERT DATE OF PUBLICATION], pursuant to actual orders for export or reexport to a foreign destination, may proceed to that destination under the previous eligibility for a License Exception or export or reexport without a license (NLR).

Although the Export Administration Act expired on August 20, 2001, the President, through Executive Order 13222 of August 17, 2001, 3 CFR, 2001 Comp., p. 783 (2002), as amended by Executive Order 13637 of March 8, 2013, 78 FR 16129 (March 13, 2013) and as extended by the Notice of August 8, 2013, 78, 2013, 78 FR 49107(August 12, 2013), has continued the Export Administration Regulations in effect under the International Emergency Economic Powers Act. BIS continues to carry out the provisions of the Export Administration Act, as appropriate and to the extent permitted by law, pursuant to Executive Order 13222.

Rulemaking Requirements

1. Executive Orders 13563 and 12866 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). Executive Order 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This rule has been determined to be not significant for purposes of Executive Order 12866.
2. Notwithstanding any other provision of law, no person is required to respond to nor be subject to a penalty for failure to comply with a collection of information, subject to the requirements of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.)

(PRA), unless that collection of information displays a currently valid Office of Management and Budget (OMB) Control Number. This regulation involves collections previously approved by OMB under control number 0694–0088, Simplified Network Application Processing System, which includes, among other things, license applications and carries a burden estimate of 43.8 minutes for a manual or electronic submission. Total burden hours associated with the PRA and OMB control number 0694–0088 are not expected to increase as a result of this rule. You may send comments regarding the collection of information associated with this rule, including suggestions for reducing the burden, to Jasmeet K. Seehra, Office of Management and Budget (OMB), by e-mail to Jasmeet_K._Seehra@omb.eop.gov, or by fax to (202) 395-7285.

3. This rule does not contain policies with Federalism implications as that term is defined in Executive Order 13132.

4. The provisions of the Administrative Procedure Act (5 U.S.C. 553) requiring notice of proposed rulemaking, the opportunity for public comment and a delay in effective date are inapplicable because this regulation involves a military or foreign affairs function of the United States. (*See* 5 U.S.C. § 553(a)(1)). BIS implements this rule to protect U.S. national security or foreign policy interests by preventing items from being exported, reexported, or transferred (in country) to the persons being added to the Entity List. If this rule were delayed to allow for notice and comment and a delay in effective date, then entities being added to the Entity List by this action would

continue to be able to receive items without a license and to conduct activities contrary to the national security or foreign policy interests of the United States. In addition, because these parties may receive notice of the U.S. Government's intention to place these entities on the Entity List once a proposed rule was published, it would create an incentive for these persons to either accelerate receiving items subject to the EAR to conduct activities that are contrary to the national security or foreign policy interests of the United States, and/or to take steps to set up additional aliases, change addresses, and other measures to try to limit the impact of the listing on the Entity List once a final rule was published. Further, no other law requires that a notice of proposed rulemaking and an opportunity for public comment be given for this rule. Because a notice of proposed rulemaking and an opportunity for public comment are not required to be given for this rule by 5 U.S.C. 553, or by any other law, the analytical requirements of the Regulatory Flexibility Act, 5 U.S.C. 601 et seq., are not applicable. Accordingly, no regulatory flexibility analysis is required and none has been prepared.
